Continuation of Substance of Interview including description of the general nature of what was discussed: Mr. Henter was contacted to discuss potential allowable subject matter. The Examiner indicated that the claims would be allowable if Applicants amended the claims to limit the scope of inflammatory skin or mucous membrane diseases to only those related to warts, specifically, those recited in the claims as a viral skin disease which leads to wart formation, verruca vulgaris, and Condylomata accuminata. The Examiner further indicated that the withdrawn claims would also be rejoined and allowable if they depended from the allowed subject matter. Mr. Henter indicated he would contact Applicants and discuss the proposed amendments with them.
